The image displays two sequential steps of the Microsoft sign-in process. The first screenshot shows the 'Sign in' page where the email address 'Bledar.Shehu2@nais.onmicrosoft.com' is entered in the text field. A red circle highlights the email field, and a red arrow points to it from the left. Below the email field is a link for 'Can't access your account?' and a 'Next' button. The second screenshot shows the 'Enter password' page for the same email address. A red circle highlights the password field, which contains masked characters (dots). A red arrow points to the password field from the left. Below the password field are links for 'Forgot my password' and 'Use an app instead', and a 'Sign in' button.
